Councillor Martin Tett
Bucks County Council
County Hall
Walton Street
Aylesbury
Buckinghamshire HP20 1UA

4 April 2014

Dear Mr Tett

Re: Proposed airport expansion at Heathrow

I wrote to you on 6 February regarding the Airports Commission consultation on its appraisal framework (letter attached) but did not receive a reply.

The consultation is now closed and the airports commission has this week published a summary of its consultation responses. I am very disappointed to learn that there was no representation from Bucks County Council.

Whatever ones views might be of Heathrow expansion, I would expect Bucks CC to be seeking to achieve the very best for its residents, which includes an attempt to minimise the environmental impact. This cannot be achieved without the support of the County Council.

Whilst it is now too late to respond to this consultation, there will be many more consultations in the coming months and I would like to receive an assurance from you that the Council will be making every effort to lobby for the best outcomes for the county and the local residents that could be severely impacted by Heathrow expansion.

I look forward to a favourable response from you.

Yours sincerely

Ms Lisa Popa
